Dear Parents,

Thank you for being interested in the new ACCE garden club! We have these wonderful new gardens in the front of the school and more to come in the back. We really welcome your involvement as we work to make ACCE a more beautiful place for your students to attend school.

The garden club will be a great place to meet other parents, learn more about gardening, help plan the new gardens, and share your knowledge and interests. This will also give parents a chance to support the science curriculum at the school by helping create and maintain outdoor classroom spaces. The new gardens give the students a chance to study native plants, birds and pollinator insects as well as a hands-on opportunity to learn about ecology, water conservation, and food. We hope to get certified this year as a wildlife habitat and to become a Maryland Green School.

We are hosting an organizational meeting on October 5th at 5 pm, in the library. **Please rsvp by returning the bottom stub back with your child. This stub should be given to their science teacher by Monday, October 3rd.** A light dinner will be served. This meeting will also discuss ways that parents can help with the ACCE Plant Day that will take place on Friday, October 7th.

Thank you for being part of the new green ACCE!
Quinhon N. Goodlowe, Principal
Jean Mellott, Landscape Designer
Victoria Mathew, Lead Science Teacher

ACCE Garden Club Attendance RSVP due Monday, October 3rd to Science Teacher

Name: Leroy Hammonds Child's Name: Amber Hammonds

I will be attending on Wednesday, October 5th at 5:00pm in the library.

No, I will not be attending on Wednesday, October 5th but would like to stay involved.
